

You should work through both the **General Module** and the **Tourism and Hospitality Module**, completing the relevant tests on-line.

If successful, you will receive certificates which you should print out and bring to School for signing. If you are unsuccessful in either of the two tests, you can attempt them again.

1. Access the Safe@Work Website
<http://www.education.vic.gov.au/safe@work/index.asp>
2. Review quickly the **Student's Guide** – taking particular note of the information in yellow.
3. Select the **Test Module**
4. Enter your Name correctly and answer the multiple choice questions
5. If successful, when you submit your responses, a certificate will appear for **printing**.
6. Under '**Industry Module**' you will find '**Hospitality and Tourism**'.
7. Read through this module then complete the test for '**Hospitality**' and print your second certificate.

☐ look after it and store it correctly
☒ all of the above.

Question #16: Personal protective equipment should:

☐ always be used to control hazards
☐ only be used if other measures to control hazards are not practicable, or if other measures are not sufficient
☒ be the first measure adopted to control hazards or to increase protection
☐ be used in preference to isolating the hazard.

Industry Modules

Welcome to the Industry Module of safe@work.

Industry modules are to be undertaken only after completing the [General Module](#).

Note: If twelve months have elapsed since you satisfactorily completed an Industry Module, you must satisfactorily complete the General Module again before you can undertake work experience in a different industry.

Industry Modules contain detailed information on the hazards specific to each industry.
